

**SUPPORT THE HIGHLANDS BOOK PROJECT**

We wanted to share some very exciting news with you! The Highlands will be celebrating its diverse heritage within a book written about the history of the neighbourhood, its beginnings, its people, their stories, and the wonderful houses they call home. **This book is an important contribution to the centennial celebrations of 2012.**

Written by Edmonton's Historian Laureate – well known historian and writer Ken Tingley, the book promises to be a fascinating walk down memory lane. It will chronicle the interesting people, businesses and important events in the Highlands from 1912 - 1950. **In order to make this book a reality we need your help!** The Highlands Historical Society has applied for multiple funding grants that are available for these types of projects but we still must generate significant funding on our own. Special events will be held throughout the year to raise funds, but your support and financial assistance is required for the book project to be a success. It doesn't matter how much or how little – every dollar takes us closer to our goal. By becoming a donor, you will also have the satisfaction of knowing that you were part of this significant project – a project that will immortalize the heart and soul of the Highlands neighbourhood forever. **THANK YOU IN ADVANCE FOR YOUR SUPPORT!!!**
